EXPERIENCE

Haboush Company

Gaza-The port
2005 - 2023

2005 - 2023
I have gained extensive experience in the medical equipment industry, having worked with Haboush Medical Equipment Company and as a supplier to several hospitals. At Haboush, I was involved in the procurement, installation, and maintenance of a wide range of medical devices, ensuring that the equipment met safety and regulatory standards.

As a supplier, I developed strong relationships with healthcare facilities, providing them with high-quality medical equipment and offering support in the form of training and technical services. My expertise includes handling diagnostic and therapeutic devices, ensuring optimal performance through regular maintenance and calibration, and troubleshooting technical issues to minimize downtime.

I am well-versed in the medical equipment supply chain, and I have a deep understanding of the importance of delivering reliable and safe equipment to healthcare professionals, ultimately contributing to improved patient outcomes.
